

Create Your own Leprechaun Trap!

WHAT YOU'LL NEED:

1. Shoe box
2. Green paint or construction paper
3. crayons or markers
4. Scissors
5. Glue or tape
6. Glitter
7. Popsicle sticks

INSTRUCTIONS:

1. Paint your shoe box green and let dry completely.
You can also cover your box in green construction paper!
2. With an adult's help, cut a square on the top of the box. Leave one side uncut. This will act as a trap door to catch your leprechaun.
3. Decorate your box with your crayons or markers and glitter. Remember, leprechauns love rainbows and gold.
4. Make a ladder using popsicle sticks to help the leprechaun reach the top of the box.
5. Use some of the glitter to make a trail of gold to lead the leprechaun to your trap.
